

Clip Chair

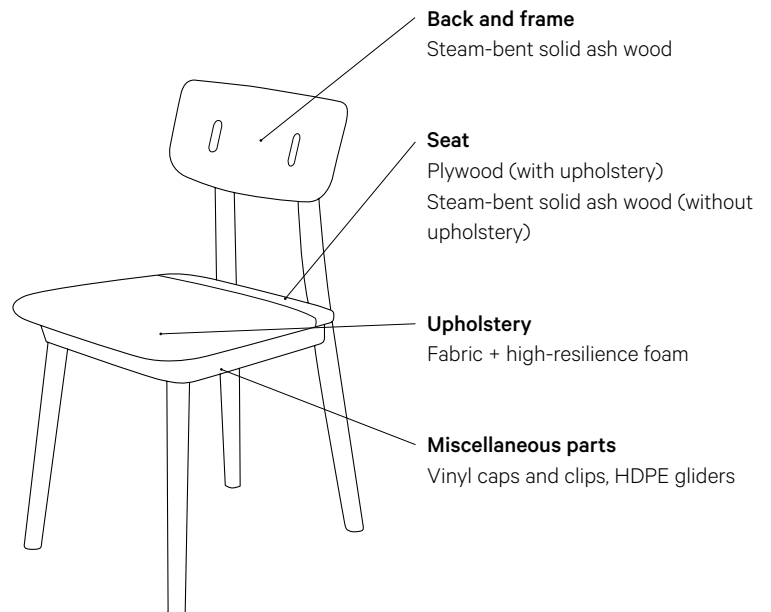

Solid Ash Wood

The Clip is a simple and functional chair made from ash wood. It combines traditional manufacturing techniques with modern materials, making it a classic piece of wooden furniture. The chair is recognised by its distinctive feature - the black 'clip', attaching the back to the frame. Though simple in its design, the Clip chair offers many possibilities for a bespoke design. You can choose from a wide range of frame colours and upholstery. The wooden seating is also available as a custom option.

Designed by **Sebastian Herkner**
