DESCRIPTION

IT Le sedute Pola hanno una forma avvolgente e una versatilità che soddisfa ogni esigenza d'uso. I modelli Pola Light uniscono una scocca in polipropilene leggera e resistente, con o senza braccioli, con un'ampia scelta di basi: a slitta, cromata o verniciata con 4 gambe in acciaio anche questa proposta nelle versioni cromato e verniciato oppure l'apprezzatissima versione 4 gambe in legno di rovere naturale o tinto, o ancora girevole con base in alluminio a 4 o 5 razze, con o senza ruote, più la variante sgabello. La poltroncina Pola Round, sempre con scocca in polipropilene in diversi colori, abbinabile a un cuscino imbottito, oppure nella versione tutta imbottita, si presenta anch'essa con le molteplici varianti di basi dedicate, per una gamma di utilizzi che spaziano dalla casa, all'ufficio, agli ambienti collettivi, all' outdoor.

EN Pola chairs have a wrap-around shape and a versatility that satisfies all kinds of uses. The Pola Light models combine a lightweight, resistant polypropylene shell, with or without arms, with a wide choice of bases: sled, chrome or painted with 4 steel legs, also available in the chromed and painted versions or the popular version with 4 natural or stained oak legs, or again swivel with an aluminium base with 4 or 5 spokes, with or without castors, as well as the stool version. The Pola Round small armchair, again with a polypropylene shell in different colours - combined with padded cushion - or in the fully upholstered version, also has multiple variations of bases, for a range of uses that range from the home, to the office, to community spaces.
